

ACCEPTABLE TECHNOLOGY USE AND SAFETY AGREEMENT

To access e-mail and/or the Internet at school, students under the age of eighteen (18) must obtain parent permission on this form. Students eighteen (18) and over may complete their own forms.

Use of the Internet is a privilege, not a right. The Corporation's Internet connection is provided for educational purposes only. Unauthorized and inappropriate use will result in a cancellation of this privilege.

The Corporation has implemented technology protection measures which block/filter Internet access to visual displays that are obscene, child pornography or harmful to minors. The Corporation also monitors online activity of students in an effort to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents/guardians are advised that determined users may be able to gain access to information, communication and/or services on the Internet which the School Board has not authorized for educational purposes and/or which they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Parents/Guardians assume this risk by consenting to allow their students to participate in the use of the Internet. Students accessing the Internet through the school's computers assume personal responsibility and liability, both civil and criminal, for unauthorized or inappropriate use of the Internet.

The Corporation has the right to monitor, review and inspect any directories, files and/or messages residing on or sent using the Corporation's computers/networks. Messages relating to or in support of illegal activities will be reported to the appropriate authorities.

Parent/Guardian

As the parent/guardian of this student, I have read the Student Network and Internet Acceptable Use and Safety Policy and Guidelines, and have discussed them with my child. I understand that student access to the Internet is designed for educational purposes and that the Corporation has taken available precautions to restrict and/or control student access to material on the Internet that is obscene, objectionable, inappropriate and/or harmful to minors. However, I recognize that this is impossible for the Corporation to restrict access to all objectionable and/or controversial materials that may be found on the Internet. I will not hold the Corporation (or any of its employees, administrators, or officers) responsible for materials my child may acquire or come in contact with while on the Internet. Additionally, I accept responsibility for communicating to my child guidance concerning his/her acceptable use of the Internet - i.e., setting and conveying standards for my daughter/son to follow when selecting, sharing and exploring information and resources on the Internet. I further understand that individuals and families may be liable for violations.

To the extent that proprietary rights in the design of a web site hosted on the Corporation's servers would vest in my child upon creation, I agree to assign those rights to the Corporation.

Teachers and building principals are responsible for determining what is unauthorized or inappropriate use. The principal may deny, revoke or suspend access to the Network/Internet to individuals who violate the [Student Network and Internet Acceptable Use and Safety Policy and Guidelines](#), and take such other disciplinary action as is appropriate pursuant to the Student Code of Conduct.

Please check to allow internet access:

- I give permission for my child to use and access the Internet at school and for the Corporation to issue an Internet/e-mail account to my child.
